1. The disclosure is objected to because of the following informalities: There is no description of figure 6 in the Brief Description of the Drawings on page 2.

Appropriate correction is required.

2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

3. Claims 10 and 11 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 10 depends from only the spring seat of the valve retainer of claim 1 which spring seat is only a portion of the combination of elements in claim 1. Since claim 10 is dependent from only a portion of claim 1, it is not certain exactly how much of the subject matter of claim 1 to include in claim 10. Not being able to ascertain the amount of subject matter of claim 1 to incorporate into claim 10 renders claim 10 indefinite.

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

5. Claims 10 and 11 are rejected under 35 U.S.C. 102(b) as being anticipated by Hirai et al. Japan 8-100228. Japan/228 discloses a valve spring as shown in figure 1 which is positioned against a seat 24 of retainer 20. In regard to claim 11, Japan discloses a valve 16 in figure 1 which is capable of use with the claimed retainer assembly.

6. Applicant's arguments filed 5/23/2005 have been fully considered but they are not persuasive. Applicant did not respond to the objection to the specification nor to the rejections of claims 10 and 11 under 35 USC 112 and 102.
7. Claims 1, 2, 4-9, 12-15, 17-19 and 27-31 are allowed.
8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
